IS CHAMPION RUNNER OF HILO WATERFRONT

Hilo Herald.—Joshing on the Hilo railroad wharf between Vincent M. R. Fitzimmons, freight clerk of the Inter-Island company, and Assistant Freight Clerk Osborne of the Claudine led to a challenge and acceptance for a two and one-half mile Marathon race at Hoolulu Park last Sunday morning, and the event came off all right. As soon as possible after Osborne could get away from his duties at the wharf, he hid himself to the park and there found Fitz, who had long been waiting and was worrying because the sun was so high over the horizon. Fitz wanted the job over so it did not take long for the two men to get away, nor did it take long for Osborne to forge to the front. Fitz tramped manfully in the dust behind, but he began to feel sadly in need of coffee and sinkers by the time he had run a mile, more so when he had passed another quarter mile post, and by the time he had done his stunt over a mile and a half it was "me, for home." Fitz quit and Osborne is the champion Marathon runner of the Hilo waterfront.

Fitz said yesterday: "I did all that was good for me. I can feel it yet." And he rubbed his legs slowly and carefully as he hobbled over to the telephone to quote a freight rate on one package matches from Milpitas to Kapapa ranch.

A new song has been started in town to the effect that Sergeant Camp is the best sportsman on earth. He is. He is manager of the Marines football team and wants to play games. If he wins with his team he will put in a junior team next time. He would like to beat the town team, but does not care very much about winning as long as there is a good game. The Marines, both in baseball and football, have been making a very live noise. They are grand sportsmen, and George Nelson is their rooster.

AMUSEMENTS

The Park Theater.

There is to be a big bill at the Park Theater tonight, when all new pictures will be thrown on the screen. The little girls will sing some new songs and there will be good music. The "Sandman" is a comedy for children and grown-ups and there is said to be at least a good laugh and a half in it for either. It tells of the sandman who comes down from the moon and puts people to sleep. He gets the best of a policeman and his girl and then beats a whole band of special policemen who are out looking for a crap game while a gang is doing up a soldier. Another amusing series is called, "Little Miss Moffitt and Simian Stone." This is full of humor of an innocent sort. There will be other pictures that will be as pleasing.

The Bonine.

There is a most interesting series of local scenes on at the Bonine this week; the surfing sports of Waikiki—new and most wonderful and remarkably interesting to every one who has ever seen or attempted the exhilarating sport of surfboard riding. "The sport that made Waikiki famous." As originally intended, The Bonine will entertain but three evenings of the week—Tuesday, Thursday and Saturday, at 8 o'clock.

Orpheum.

The Orpheum reopens on Thursday evening with the Wise and Milton company of colored comedians, singers and dancers who return from a tour of the Islands, where they have been playing to packed houses.

The big surprise advertised is the new scale of prices to be charged, the reserved seats being ten and twenty cents, while the general admission is reduced to five cents.

The company will open with an entirely new bill, in which all the favorites will appear. It will be a regular vaudeville show, the afterpiece being cut out. Each bill will contain five or six distinct vaudeville stunts and five or six moving-picture subjects, making a full two hours' show. The wonder is how it can be done at the price. Ask Cohen.

The Waverley.

The Waverley dance hall is one of the places which, while a species of athletic exercise is indulged in, is not allowed to open on Sunday. Indeed it is doubtful if the training of the manager, Sam K. Nainoa would permit his doing so even if the law allowed it. Mr. Nainoa says he is going to run the place as well as any public dancing school can be conducted and the result of his determination to have things right is elevating the character of the music to the delight of the patrons. The music is furnished by the Kawaihae Quintet Club and is always delightful.

The Empire.

"Trishy, the clever Princess," is a fairy story told in pictures and it will be shown for the first time at the Empire Theater tonight. It is in-

teresting from any point of view and the coloring is unusual. "By a Woman's Wit," is another good one. It is full of dramatic interest showing that a woman will be the whole pippin and then some. There are two especially good series of pictures and will no doubt give satisfaction to the large audiences which attend the Empire nightly. There will be as comedies "The Infernal Machine" and "A Workingman's Dream," both full of action and filled with funny situations. The Empire is a delightful place in which to spend an hour or so of an evening and the people seem to realize it.
